

## Say Red Shakeup Will Not Affect Cold War

### Gromyko Will Take Position Of Vishinsky

London, March 5—(AP)—Andrei A. Gromyko, who has made many sharp attacks on the western powers before the United Nations, has been appointed Russia's first deputy foreign minister, the Moscow radio announced tonight.

He succeeds Andrei Y. Vishinsky, advanced yesterday to the post of foreign minister to succeed V. M. Molotov.

In contrast to his predecessor Gromyko is quiet and soft-spoken. Nevertheless, he was in the forefront of many East-West clashes in the U. N. Security Council, where he headed the Soviet delegation from 1946 to 1948.

Was Ambassador To U. S.

He was Russian ambassador to Washington from 1943 until 1946. Gromyko returned to Russia last July and spent a long vacation in the Crimea before assuming new duties in the foreign ministry in Moscow.

The new appointment was obviously a promotion for Gromyko. Although he had been deputy foreign minister since 1946, he was junior by several months to another deputy, Jakob A. Malik, who succeeded Gromyko as head of the Russian U. N. delegation.

Most diplomatic observers in London agree that the Russian cabinet shakeup hardly foreshadows any bid for truce in the cold war between East and West. All of them conceded it might presage some Soviet political plan to woo the West, but only a small minority say they think it actually does. Vishinsky for Molotov is not construed as much of a peace move.

Many diplomats speculated that Molotov is on the way upstairs to greater power, although conceding frankly they have no inside information to guide them.

There was speculation that the aging Prime Minister Stalin, now 69, is preparing to hand over power to Molotov, his No. 1 lieutenant.

An informed source, said he believed Molotov was about to become a sort of super-director of Russian policy, or "general supervisor of foreign policy."

Georges Bidault, former French foreign minister who has negotiated with both Molotov and Vishinsky in Big Four discussions, pretty well summed up the views of the skeptical majority of observers:

"My reaction is not good. I fear that optimism would be foolhardy."

Official spokesmen for British and European governments carefully withheld official comment until things have crystallized. But informally they had plenty to say, and most of them saw nothing to cause them to rejoice.

They noted that Communist leaders outside Russia have adopted a militant policy in recent weeks, in sharp contrast to their earlier declarations that there was no reason why communist and capitalist countries can't live peacefully. Chiefs of the communist movement in France, Italy, Britain, Germany, Austria and some other places have changed the theme to talk of war. The French communist leader, Maurice Thorez, started it off by saying Soviet troops pursuing an aggressor on French soil should be welcomed by the people.

The diplomats said that looked like a poor buildup for any spectacular peace gesture.

A source close to the British foreign office saw little to choose between the toughness of Molotov and Vishinsky. He said one has expounded politburo policy as vigorously as the other, and Vishinsky is not known as a gentle man.

## One Killed, Three Injured As Fishing Boat Explodes

St. Petersburg, Fla., March 5—(AP)—A fishing boat explosion today killed one person and injured Edmund F. Ball, Muncie, Ind., industrialist.

Mrs. Ray Applegate, 49, also of Muncie, was killed when the 45-foot boat exploded as the Indiana party was leaving Fort Myers Beach for a day's fishing in the Gulf of Mexico.

Her husband, Mrs. Ball and Elmo Santini, fishing guide and owner of the vessel, also were injured.

Mrs. Ball was in "very serious condition." The others were not so badly hurt.

The vessel was about 50 yards offshore in San Carlos Pass when it blew up.

Ball related he was on his way to St. Petersburg, who was at the wheel of the craft, that he smelled gasoline when the explosion occurred.

Santini told reporters the boat had a gasoline leak and he had repaired it. He said he believed some of the gasoline must have remained about the piping.

## Hungary Sentences 13 For Aiding Mindszenty

Budapest, Hungary, March 5—(AP)—A workers' court convicted 13 persons today of black market money deals in an alleged political conspiracy with Josef Cardinal Mindszenty and sentenced them to prison.

Simultaneously, Communist Deputy Premier Matyas Rakosi charged diplomatic documents proved the Vatican had plotted to form a "union of Catholic countries" as a Danube monarchy. He said in a speech that efforts to reach an agreement between the Roman Catholic church and the Hungarian government failed "because the Vatican placed their

interests at the disposal of American imperialism."

(The Vatican has refused to negotiate church-state differences with Hungary until Cardinal Mindszenty is freed from his life sentence and freedom of religion is guaranteed in Hungary.)

Among the 13 convicted today were Msgr. Imre Bokai, the cardinal's former treasurer, and two other Roman Catholic priests. Msgr. Bokai's sentence was fixed at four years' imprisonment, loss of political rights for an additional five years, and a fine of 1,000 florints (83).

The heaviest sentence—eight years—was imposed on Dr. Gabor Horvath, former secretary to Duke Paul Esterhazy. Horvath had pleaded guilty and asked that blame be placed on him, rather than on the duke, who was convicted Feb. 8 with Cardinal Mindszenty and sentenced to 15 years in prison. Esterhazy once was the wealthiest man in Hungary.

The court rejected efforts of six defendants to withdraw pre-trial confessions which they said were drawn from them by police intimidation.

Presiding Judge Pal Biro called the repudiation by Georgy Nagy a broker, "an attempt to influence court room spectators" and sentenced him to three years in jail.

In rejecting repudiations by Zsigmond Deutsch, a broker, and the four others, Judge Biro said the evidence showed their pre-trial confessions "could not be the inventions of police authorities."

## 'Lonely Hearts' Slayer Ready To Face Death In N.Y.

Grand Rapids, Mich., March 5—(AP)—Plans for a serene life in Spain shattered, a 200-pound divorcee said today she was ready to face death in the New York electric chair.

Mrs. Martha Beck, 29, accused of being a partner in three "lonely hearts" slayings, told officers she was only anxious to avoid a trial where "all the people would come to stare at me."

Whether Mrs. Beck and her companion, balding Raymond M. Fernandez, 34, are tried in New York or Michigan depends on an extradition hearing Tuesday.

There is a death penalty for murder in New York. There is none in Michigan.

Michigan's attorney general ruled today that this state could bring the couple to trial if they were acquitted of the killing of Mrs. Janet Fay, 50, in Valley Stream, N. Y. This increased chance of conviction might give them up to the eastern state.

The couple, also is accused of the slaying of Mrs. Delphine Downing, 29, and her baby daughter near Grand Rapids, Mich., last Monday. This was to be the last slaying in the mail order love swindle racket, Mrs. Beck told police. Fernandez had promised her they would flee to Spain afterwards, she said sadly.

## Woman Arrested For Third Time - In Two Weeks

St. Petersburg, Fla., March 5—(AP)—Mrs. Trille Schriever, charged with larceny in Illinois, was arrested today for the third time in two weeks.

This time it was on a governor's warrant, charging she is a fugitive from justice.

She was taken before Circuit Judge Victor O. Wehle, who set bond at \$2,000. She posted the bond and was released pending a hearing Monday on a writ of habeas corpus.

Deputy Sheriff A. C. Brannen said Sheriff Claude Taylor of Rock Island County, Ill., was expected to arrive today to await the outcome of the hearing.

An Illinois grand jury indicted Mrs. Schriever in May on a charge of stealing \$216 in household goods from Ben Schriever, brother of her estranged husband, Harry M. Schriever in August, 1947.

Mrs. Schriever first was arrested here Feb. 22. She was released on a writ of habeas corpus when Judge Wehle ruled she was illegally detained because the proper fugitive warrant had not been issued.

She was re-arrested Tuesday and released again the next day. This time Magistrate Edward Silk held the fugitive warrant issued from his own court was faulty.

Mrs. Schriever is 36. Authorities here said her husband is 72 and a prosperous Illinois attorney.

## Correspondents Honor President At Annual Dinner

Washington, March 5—(AP)—President Truman was the guest of honor tonight at the White House correspondents' 28th annual dinner at the Hotel Statler.

He will leave by plane at 7:30 a.m. (EST) tomorrow for a two-week vacation at the summer White House in Key West, Fla.

More than 800 persons in official and newspaper circles attended tonight's banquet, including Vice President Barkley, Chief Justice Vinson and a host of other officials and legislators.

Arthur Godfrey of radio and television fame, was master of ceremonies for an entertainment program featuring stars of the stage, screen and radio.

Ernest B. Vaccaro of the Associated Press presided before turning over the gavel to Robert G. Nixon, of the International News Service, new president of the correspondents' association.

Among the entertainers were Danny Kaye, Polyna Skokas, Metropolitan Opera singer; the Zuker sisters, classical pianists; Artini and Consuelo, dance team; Stan Kavanagh, juggler; Wally Brown, comedian, and Julia Lee, the blues singer, assisted by drummer Baby Lovett.

## LIST CAUSES OF FIRES IN STATE IN JANUARY

Springfield, Ill., March 5—(AP)—Stoves, furnaces, boilers and heating pipes were the leading causes of fires during January in Illinois.

The state fire marshal's office said today that such heating devices were responsible for 269 of 1,548 fires in the month.

The second major cause of fires was electricity, which started 287 blazes, and third was careless use of matches and smoking, responsible for 242 fires.

New York, March 5—(AP)—A Russian engineer on the United Nations staff and a young woman employee of the Justice department were accused today of spying on U. S. defense secrets. They were arrested after FBI agents had stalked them through busy New York streets.

Soviet ambassador Alexander S. Panushkin promptly went to the State department in Washington and demanded the Russian's release. The State department said merely it was looking into the matter.

The 27-year-old government worker, Miss Judith Coplon, was accused of taking secrets from department files for delivery to Valentine A. Gubitchev.

FBI agents arrested them together last night. A Justice department announcement said the trail led from 193rd street down to 14th street as they sought to evade surveillance in New York's busy streets.

The account awakened echoes of the spy stories told to the House un-American activities committee last summer by Miss Elizabeth Bentley and Whitaker Chambers, both confessed couriers for communist espionage rings.

Federal Judge Simon H. Rifkind set bail of \$20,000 for Miss Coplon although the government sought \$50,000.

Attorney General Tom Clark earlier said in Washington that the information contained in a package found on Miss Coplon had been planted and is of no major value.

These documents, the Justice department said in its Washington announcement were "typewritten summaries of information abstracted

## Asks Secretary Of Defense Be Given Broader Powers

Washington, March 5—(AP)—President Truman asked congress today to give his defense secretary the full authority he needs to direct the frequently feuding armed forces.

To bring this about, he recommended that the service unification law be changed to set up the present national military establishment as a full-fledged "department of defense."

In a special message to congress—where lawmaking currently is slowed down by a senate filibuster—he urged "prompt consideration" for his recommendations.

This urgency sprang from two things: 1. The president's assertion that it is essential to have an effective and workable organization in a world of long range bombers guided missiles and atom bombs.

2. The fact that within a month a new defense secretary Louis Johnson will succeed James V. Forrestal. The outgoing secretary has complained of insufficient authority over the three elements of the unified military establishment—the army, navy and air force.

While Mr. Truman did not mention this point one of the basic troubles of the defense establishment is that it existed chiefly as a coordinating agency of government. It has not been a true department of government with the department chief having full authority over all units in it. Nor does it have as other departments an undersecretary and assistant secretaries to help administer the secretary's directives.

Mr. Truman obviously had these points in mind when he recommended converting the national military establishment into a regular executive department. In line with this, he also recommended creation of the positions of undersecretary and three assistant secretaries.

In general, Mr. Truman's report was in line with the recommendations of the Hoover commission which investigated the national security organization. However, the proposal for converting the NME into a regular government department went beyond the recommendations of the commission.

Miss Bentley in particular described clandestine meetings with government employees on street corners and elsewhere at which she said she was given secret data. Full details of her story were not revealed and no prosecutions have resulted so far.

Gubitchev, 32-year-old engineer who has been working on plans for the permanent U. N. headquarters under construction here, was held in \$100,000 bail at his arraignment.

He was suspended immediately from his U. N. post. Wilder Foote, director of the world organization's press department, said the Russian would not come under U. N. immunity.

The Justice department said the FBI trailed Miss Coplon from the time she left Washington at 1 p.m. yesterday until she met Gubitchev at 193rd street and Broadway here at 7:23 p.m.

From 7:23 "until 9 p.m. both these individuals avoided direct contact while they employed the usual techniques used to detect surveillance," the announcement said.

"They finally effected a contact when both dashed aboard a bus near 42nd street. The two were taken in custody on Third avenue between 14th and 15th streets."

Miss Coplon's mother, Mrs. Samuel Coplon, cried "I don't believe it. I don't believe it," when told by telephone of the arrest.

"What's the matter, what's the matter with my daughter?" she sobbed. "Oh, tell me quick. Oh God, please tell me."

Miss Coplon was graduated in 1943 from Barnard, the Women's college of Columbia University, with an outstanding record. She has worked for the Justice department since then.

Graduated Cum Laude with a major in history, she had an exceptional record in extracurricular activities at Barnard and was highly commended by her professors. Her yearbook said she is "deeply philosophical about the fundamentals of life."

## Worst Flood In Epoch Hits Missouri Valley

### NME Will Support Bill For Air Force Academy

Washington, March 5—(AP)—The national military establishment came out today for an air force academy, like the army's West Point and the navy's Annapolis.

Defense Secretary Forrestal announced the NME has "decided to support legislation authorizing an air academy" because it is impossible for the two old line schools to supply officers for all three services.

His announcement indicated a bill would go to congress soon after April 1.

Forrestal asked a newly created eight-man advisory board on service academies to make recommendations for the air academy plan not later than that date. The advisory board includes Gen. Dwight D. Eisenhower, president of Columbia University.

There has been no decision on location, defense spokesmen said. The air force has started drafting legislation. Forrestal wrote President Truman on December 15 that there probably would be need for a separate aid service academy. Both the

army and navy are understood to have complained to the defense establishment about the extra load placed on their schools by the requirements for schooling air force junior officers.

Forrestal, in his announcement today, pointed out it would be "a number of years" before an air service academy could be organized, planned and constructed and that meanwhile "we must adopt some equitable arrangement which will provide" a partial solution to the air force's problem now.

Report Royall May Resign Post As Army Secretary

Washington, March 5—(AP)—The capital heard reports today that Army Secretary Kenneth C. Royall may step out of his job by mid-April.

The reports came from persons who, because of friendship and official association, were in position to be well informed but who could not permit use of their names.

They persisted despite a White House news conference statement by President Truman Thursday that all three service secretaries—Royall, Secretary Symington—would stay on Navy Secretary Sullivan and Air their jobs. Mr. Truman made that comment in connection with his announcement that Louis Johnson would succeed James Forrestal as defense secretary.

Royall has visited the White House several times within recent weeks. He has told reporters he wants to leave "whenever I can do so in good conscience."

Verdicts Of 15 Bulgarian Pastors Will Come Today

Sofia, Bulgaria, March 5—(AP)—Verdicts in the treason trial of 15 Bulgarian Protestant ministers are to be returned at 3 p.m. (7 a.m. CST) Tuesday. All begged the court's mercy in final pleas today.

A motion picture crew filmed the scene as the ministers, four of them weeping, again expressed repentance and asked for a new chance to work for the communist-controlled government.

They face possible penalties ranging from 10 years imprisonment to death on charges of seeking to overthrow the government, spying for the United States and Britain and dealing illegally in foreign currency.

The No. 1 defendant, the Rev. Vassil Zlakov, made the longest and most emotional plea, crying: "If you were a fascist court I would not expect from you other than simply a verdict, but since you are a people's court I expect something more than a punishment, a chance to repair my errors. I am starting a new life. My old life ends today. Up to now, I have been serving foreign gods. Please help me to become a hero of the fatherland front (the government). If you give me the gift of life, I shall dedicate my life to faithful work for the fatherland front."

The prosecution has demanded death or Zlakov, 48-year-old congressionalist, and three others who served with him on the supreme council of the United Evangelical churches of Bulgaria.

Washington, March 5—(AP)—Congressional fears of possible new billions in cost apparently had doomed today President Truman's proposal for expansion of federal public assistance—or home relief—to include needy persons able to work.

But it appeared that persons disabled and unable to work might be added to the aid list.

There were signs that congress may bring no more than 10,000,000 additional persons under the old age insurance program. Mr. Truman has asked that 20,000,000 be added, bringing the total to 50,000,000.

Simultaneous with these developments the social security committee of the United States Chamber of Commerce issued a report calling the basic idea of social security good—but warning against over-expansion and "untried schemes."

CONFIRMS APPOINTMENT

Washington, March 5—(AP)—The Senate today confirmed Michael J. Galvin to be undersecretary of labor. It also confirmed Earl J. McGrath for U. S. commissioner of education. Both actions were by unanimous consent.

Truman's Demand For Tax Increase Suffers Setback

Washington, March 5—(AP)—Two top-ranking tax experts in the Senate said today that President Truman's demands for a \$4,000,000,000 increase in taxes suffered a major setback this week.

They contended that a little-noticed decision by the Senate foreign relations committee actually involved a test of sentiment on the presidential plan for new taxes.

That influential committee tossed out an administration request to erase earmarking of a \$3,000,000,000 fund for foreign aid by the last Republican-controlled congress.

The intended effect of the earmarking was to lift the \$3,000,000,000 out of the huge 1947-48 treasury surplus and use it this year. The administration called it a phony book-keeping device to hide a deficit condition created by the Republican tax reduction. President Truman ignored the fund switch in figuring his budget.

Chairman George (D-Ga.) of the Senate finance committee told a reporter the defeated move was "intended to show a big deficit for the next fiscal year as a basis for more taxes."

### Utilities Halted; 1,000 Homeless

Missouri Valley, Ia., March 5—(AP)—Caught in the flood waters of two ice-jammed streams, this western Iowa town of 4,000 persons tonight was without gas and on a strictly limited drinking water ration.

An estimated 250 families numbering about 1,000 persons have been evacuated from their homes since waters from the Boyer river to the east and south overflowed here yesterday and went out early today.

Evacuees wearing all they could save and with children hanging to their sleeves tonight told stories at Red Cross disaster centers of narrow escapes.

Many Dikes Broken

Before starting to recede, the flood waters swept swiftly into lowlying residential districts in the southern and western sections of town after dikes were broken.

"If no one had awakened us," said Mrs. Leo Torgerson, "we'd still be down there. We could hear the ice popping and racking as the water pushed toward our house, snapping off fence posts."

The Torgersons fled in their car with their two children.

High water was causing anxiety—and at least one death—in other parts of the state, too. Gerald Perrin, 10, drowned when he fell into a swollen creek near Denison, 45 miles northeast of here.

Directly north of Missouri Valley the Floyd and Big Sioux rivers were spreading over lowlands as warmer temperatures and dynamiting operations broke up ice jams.

Several streams in southwest Iowa flooded highways, knocked out several bridges and caused precautionary measures to be taken by communities in that area.

Eight Overcome By Gas

At Missouri Valley, hit by the worst flood in its history, eight persons were overcome by gas while doing rescue work.

Mrs. Harold Myler said he walked up the street to see how far the flood waters had progressed, and by the time I got back to my house—it must have been an hour late—I couldn't even get into my yard."

A 70-year-old couple, Mr. and Mrs. Tom Smith, were flooded out for the second time. They left their home before in 1936.

"I got some chickens down home," Mrs. Smith said. "I'm worried to death about them."

Water ran up to the eaves of an estimated 75 homes for a time. Two blocks of the business section were flooded. The water reached a maximum depth of about four feet in front of the City Hall where rescue operations were directed.

Tonight flood waters had receded an estimated foot in town after dikes to the south of Missouri valley were opened.

## ROMANCE: IDAHO STYLE

The romance of Representatives Edwin Snow and Edith Miller of the Idaho State Legislature has reassured a whole nation that the dreams of its youth were valid, and that its aspirations still transcend audit by a certified public accountant or classification by an ideological expert. Harold Bell Wright would have loved it. Booth Tarkington might have written it.

On the floor of the House at Boise the gentleman from Adams rose and said: "... I wonder if the lady from Ada would yield to a question." Representative Miller rose and replied: "I'll yield, but only to the question, and I won't promise an answer." The gentleman from Adams said: "... I was wondering if the lady from Ada would consent to marry me." After some reported (ungallant word) blushes and a temporary disappearance from the House chamber, Miss Miller returned and, "on a point of personal privilege," accepted Mr. Snow's proposal.

It may be of some current interest to the Congress of the United States that there was no filibuster at Boise. Nor was there any hedging as to the extent of the commitment, as recently occurred in Washington discussion of the Atlantic Pact. On the contrary, the whole thing was done with style, and every American reading of it will feel that the American way is not just surviving but is in every important way intact.

Even the lived-happily-ever-after angle seems to be taken care of: both Representative Miller and Representative Snow are members of the same political party.

Drama Students  
To Present Play  
For Women's Club

The drama department of MacMurray college will present a one-act play entitled "School for Wives" at the next regular meeting of the Jacksonville Women's club, which is to be held Saturday, March 12, at 2:30 p. m. in the banquet room of the Dunlap hotel.

Also included on the program will be vocal selections by Miss Florence

Ritchie, accompanied at the piano by Mrs. Helen Brown Reed.

Mrs. Hugh Green will act as chairman of the day.

There will be a meeting of the executive board Tuesday, March 8, at 9:45 a. m. in the Farmer's Bank building. Mrs. Fletcher J. Blackburn, president, will preside.

## How Can An Artist Work At It—If He Has To Work?

(FOR HAL BOYLE)  
New York.—(AP)—"When a young artist gets out of college," said Huntington Hartford, "he ought to work at it."

"He ought to sit down and paint, or compose. But how can he if he has to look for a job? How can he write novels or sculpt heads if he is tied to a filling station five days a week?"

Huntington Hartford is going to do something about that.

Young Hartford is the heir to the A. & P. Grocery fortune. He is 37. He has more than a million in annual income of his own.

In his younger days he wanted to be a reporter—and found out that too much money is almost as bad as too little.

So he says he plans to endow through the Huntington Hartford foundation, not a school for geniuses, as was reported, but a place where the up-and-comers of today

can go instead of killing their incentive in corner garages.

Soundproof Walls  
As he plans it, his sanctuary will have about 150 acres in the Santa Monica mountains of California.

There will be cabins with soundproof walls for composers. The painters will have plenty of light. There will be all the necessary tools for writers.

"We have 41 acres in Rustic canyon and plan to get about 110 acres more. It's wild country full of giant oaks and sycamores. The Will Rogers memorial peak is nearby.

There are a number of all-metal buildings on the place.

"There used to be a kind of religious cult there. It folded on the place next to it, the place I'm trying to buy, there's a model farm with an Early American Home and fine roads. The house is constructed at angles and a trout stream runs right through it."

Hartford said he had retained the architect son of Architect Frank Lloyd Wright to put up about 20 buildings.

Will Be Complete  
"Our little community will be complete in itself. There will be a large dining room, with motion pictures. The University of California at Los Angeles is interested and we are working out a deal for the use of their library."

But it won't be a school in any sense of the word—no classrooms, no professors. Just work, and the equipment to work with.

"I want to get them away from fuel and light bills," said Hartford, "away from the rent."

Hartford said he expected between 50 and 100 young people the first year. He hopes to be in operation within six months to a year.

"We need a zoning permit now," he said.

And a little talent.

Poland Ends Rationing

Mr. and Mrs. John L. Klump

Mr. and Mrs. Klump spend every winter in Florida and have a great many friends there. Among the more than 75 persons expected to attend the dinner Wednesday, will be several Jacksonville residents.

Upon their return from Florida, the Klumps will be honored at an open house and reception to be held at the Dunlap hotel. The event is being planned by their son and daughter-in-law, Mr. and Mrs. John D. Klump of this city.

The marriage of Mollie Pearl Doner and John L. Klump took place in Macon county on March 9, 1899. The couple moved here in 1929, when Mr. Klump organized the Klump Oil company, of which he is president.

Mr. Klump is a native of Germany and came to this country in 1892, when he was 16 years of age. He worked as a blacksmith in New York for two years before coming to Illinois.

The Klumps have two sons, John D. of this city and Rex of Pekin, and two grandchildren, John Dean and Gloria Rae, both of this city.

## Deductions You Can And Cannot Take

(Editor's Note: This is another in a series of articles on who has to do what about his 1948 income tax return, for which the deadline is March 15)

By James Marlow  
Washington, March 4.—(AP)—This explains some of the deductions you can, and can't, take in making your 1948 income tax returns.

Also listed are some kinds of income which, because they're tax-free, don't have to be reported at all.

Remember, right here, a couple of points:

1. There are various limits on the deductions you can take for medical expenses. They're explained at the end of this story.

2. For charitable contributions, you can deduct no more than 15 percent of your income.

3. But there's no limit on the other kind of personal deductions you can claim, if you can prove you had them and are entitled to them.

4. Don't get business deductions mixed up with personal deductions on your 1040 long-form three are separate places for each kind.

**Non-Business Deductions**  
This story deals only with non-business deductions and where they appear to be business deductions they're merely those of an employee not employer.

Here's tax-free income which doesn't have to be reported:

Unemployment compensation; social security benefits; life insurance paid because of the death of the insured; inheritances, gifts or bequests of money or property, although the income from them is taxable; sickness and injury benefits received through accident or health insurance or under workmen's compensation laws. Also—Monthly government allowances to the families of servicemen; mustering out pay; all benefits under the GI Bill of Rights, such as for edu-

cation and subsistence; state bonuses to veterans; disability pay; retirement pay for service-connected disability; allowances for uniforms; subsistence, traveling, quarters, pensions to veterans or their families for war services; all active service pay of enlisted men in the armed forces; and the pay of officers up to \$1,500.

**Personal Expenses**  
Contributions (limited to 15 percent of income) to charitable, religious, scientific, fraternal and veterans organizations, and non-profit educational institutions.

**Take Deductions**  
Here are other deductible personal expenses:

Due to a labor union; state income and personal property and real estate taxes except taxes which, like paying assessments, tend to increase the value of your property. Also—

Interest on your personal note to a bank or individual; a mortgage on your home; a life insurance loan, if you pay the interest in cash; delinquent taxes; interest on installment purchases, also—

**Retail Sales Taxes**

State or local retail sales taxes; auto license fees; poll taxes; state gasoline taxes, except in Alabama, California, Florida, Louisiana, North Dakota, Utah, Wyoming, and Hawaii; property losses from fire, theft, storm or auto accidents when you weren't wilfully at fault and you didn't get paid off for the damage; use of your car for business, which includes the cost of gasoline, oil, grease, repairs, cleaning; entertaining for business purposes; subscriptions to professional journals; books, papers, and magazines bought for use in your profession; equipment, tools, and instruments used on your job; cost of work clothes and uniforms when not capable of taking the place of ordinary clothing.

You CANNOT deduct the following federal taxes unless paid for business purposes: telephone, telegraph, or transportation, such as train or bus; admissions to theaters or sporting events, or club dues.

Nor can you deduct the federal tax on jewelry, furs, cosmetics, estates, inheritances or gifts imposed by the government, states or cities.

**Deductions Limited**  
You can deduct for medical expenses but only that part which exceeds 5 per cent of your income. Example: Jones' income, \$9,000; his actual medical expenses, \$600. But 5 per cent of his income is \$450, which leaves him only \$150 to deduct.

Even then you can't deduct an unlimited amount for medical expenses. Here are the limits:

Taxpayer claiming only one exemption, his own, \$1,250; taxpayers who are single or who are married and file separate returns and have dependents, \$2,500; married couples filing a joint return and claiming their own two exemptions, \$2,500; married couples filing a joint return and claiming three exemptions, their own two and one dependent, \$3,750; married couples filing jointly but claiming four or more exemptions, \$5,000.

## Arenzville Girl Feted On Birthday

Arenzville—Miss Virginia Klein-schmidt was guest of honor at a party give in observance of her birthday anniversary. Games and contests were enjoyed and prizes were won by Colleen Roegge and Connie Lovekamp. Refreshments were served.

## STUNG ON THE ROAD

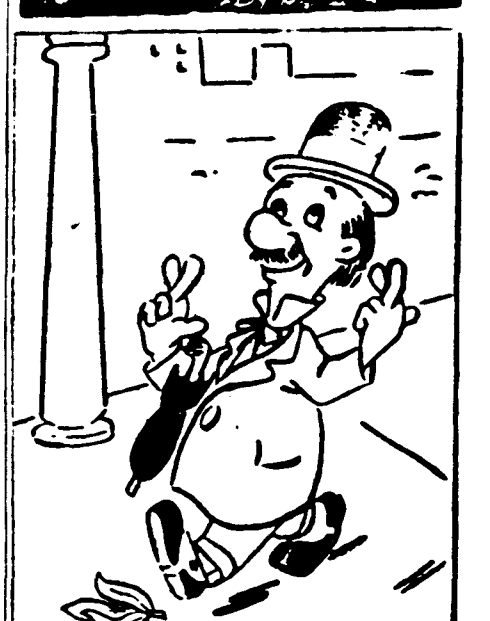

Sydney, Australia.—(AP)—When a five-ton truck over-turned at Tallam Bend, South Australia, recently with 4,000,000 bees aboard, valued at \$1300, traffic on the road had to run a gauntlet of stings for nearly a week.

A breakdown gang had to sneak up under cover of night and right the truck to tow it away. But the owner of the bees got tired of wait-

ing for them to settle and sold them on the spot to local buyers.

## Buyers' Chill May Uncover Some Real Post-war Gadgets

By NEA Service

Pittsburgh—NEA. Now that the consumer has satisfied his most pressing wants—and taken some of the pressure off manufacturers—we are going to begin seeing some really "post-war" gadgets.

Television, of course, has come along since the war. But it can hardly be called "post-war." There is nothing radically different between TV sets now on the market and those that the industry could have made in 1940 or 1941.

All that has happened, really, is that the pre-war television has had a bit of face-lifting—millions have been invested in telecasting facilities and in deficit operation—receivers have been mass-produced, and sold to a war-prosperous public at lowered cost and more attractive prices.

Automobiles, within the past few months, have reacted to the fast-approaching buyers' market. That is why, for the first time, it is possible to get from old-line manufacturers a car that is really new—a car that is not merely the 1941 model with a new dress.

In the household accessory field, likewise, up to now there has been nothing really new. Stores have featured things you couldn't get in 1941 or 1942, but they had actually been perfected then.

Suddenly, however, the pipelines have become filled with consumer goods. The mad rush to buy at any price has slowed down.

So any day now, out of the most secret laboratories of the manufacturers you will begin to get genuinely new gadgets—things that weren't more than dreams or hopes in 1941-42—improvements, sometimes, and often actually brand new departures.

The nation's electric power leaders were given a preview of some of these things at an off-the-record Power Forum sponsored by the Westinghouse Electric Corporation.

J. H. Ashbaugh, vice-president, described some of the gadgets his company, second largest producer of household appliances, is perfecting "in the room with the 'Keep Out' sign on the door."

The session was closed, and

Cooking with radar: A radio tube that is the heart of radar puts the heat on a hamburger in 10 seconds in this stove. It's a harbinger of even more radical household gadgets manufacturers promise to ward off chill attitude of buyers.

nothing was given out from it. Speaking more freely under such circumstances Ashbaugh told the power men:

"Tomorrow the American housewife will be offered a refrigerator that is completely automatic, which will need no controls—which will automatically defrost when the frost builds up to a predetermined amount, and so it so fast it won't even melt the ice cubes in the product."

"Tomorrow we may have a refrigerator so designed and controlled that it will hold fresh vegetables from three to six months."

"Tomorrow the housewife will be offered an electric range that will out-perform anything she ever dreamed of. This year, we can make biscuits in any part of the oven—unheard-of thing. We have already built and successfully operated ranges with automatic surface cooking. Ya merely set the pan and contents on the range, and the range automatically controls the

of Chicago, is trying to determine just how far isotope 14 can be trusted as a time-clock. If his experiments are successful, Prof. William F. Albright of Johns Hopkins University, Baltimore, hopes to try out the new technique in Egypt and the Bible lands. The key to the theory is radioactivity.

Carbon-isotope 14 is a heavy, radioactive form of carbon that gradually turns into nitrogen as it gives off beta rays. It has an atomic weight of 14, while ordinary carbon has an atomic weight of 12.

The carbon-14 in living matter keeps on giving off beta rays and turning into nitrogen, just as it does in the air. However, living organisms keep getting more of it along with ordinary carbon, so that they have about the same percentage of it that the air has. It is formed originally from the nitrogen in the air, by the energy of cosmic rays.

When a plant or animal dies, it stops getting new carbon. But the carbon-14 keeps giving off beta rays, and eventually disappears by turning into nitrogen.

Thus Professor Albright hopes it may be possible to tell, from the amount of carbon-14 still remaining in a mummy's bones, just when the mummy was buried. The age of a wooden basket in an Egyptian pharaoh's tomb may be calculated in the same way. Just how accurate the method will be depends on the outcome of Dr. Libby's experiments at Chicago.

Fresh methane gas from city sewers provide enough for the scientists to work with. Dr. Libby has no particular reason for using Baltimore sewage rather than the sewage of other cities, except that officials of the large disposal plant happened to be co-operative and had supplied industrial scientists before.

As far as can be told at this stage, carbon-14 probably takes 6,000 years to disappear so completely that it cannot be measured. Accurate dating methods for ancient Egypt go back only 4,000 years—and only about 2,000 years or less for ancient American civilization.

## Carrollton Legion, Denver Center IOOF To Organize New Blood Bank

Carrollton—American Legion Post No. 114 of this city voted Wednesday evening at their regular meeting to cooperate with the local order of the I.O.O.F. in their project to type the blood of the city residents in order that in cases of emergency, the Bova Memorial hospital might have the proper blood for transfusions by merely going through a file instead of the customary way of calling in a group of possible blood types and having a delay while the blood is typed. Dr. P. A. Dailley and his staff will type the blood of volunteer Carrollton residents Monday evening, March 7, in the I.O.O.F. hall.

The Legion also voted to sponsor a girl at Girl's State and a boy at Boy's State this year. The two are to be chosen through the school.

Plans were completed for the annual birthday dinner and dance to be held in the Knights of Columbus hall on March 17th. Tickets are being sold by all Legionnaires. Dr. Harold Horn is in charge of the committee on arrangements for the dinner dance.

Denver—(AP)—Did you ever have to call a doctor in the dead of night?

And then not be able to reach him? That frightening situation isn't worrying Denver residents any more.

The town's medical society has established an emergency service to meet that problem and many others. If a person can't reach his own doctor and needs one immediately, he can call the referral center. A registered nurse answers the telephone. If the sick person doesn't need skilled attention for another 30 minutes or so she summons a doctor in the caller's neighborhood. The doctor needs time to dress and drive his car within speed limits to the patient's home.

But if it's an emergency requiring immediate care, the nurse notifies the police surgeon who races at high speed in a siren-blowing ambulance to the scene.

Less dramatic and perhaps more important is giving new residents information about physicians, hospitals, and convalescent homes.

## Carbon 14 May Date Mummies

Baltimore —(AP)— Archaeologists hope that a new method will soon enable them to put a date-tag on every ancient bone and basket. It all started when scientists found considerable carbon-isotope 14 in Baltimore sewage.

Carbon-isotope 14, like ordinary carbon, is apparently found in all living matter. But it has some peculiarities which may make it an accurate recorder of time. If the theory works, it may be possible to tell the age of an Egyptian mummy—within limits of a very few years—by measuring the amount of isotope 14 in its bones.

Some archaeologists say the technique could be used as a check on the authenticity of religious relics—such as the fragments of the True Cross in the Church of the Holy Sepulchre at Jerusalem. A measurement of isotope 14 might show whether a relic is old enough to be genuine.

**SNAKES THRIVE IN RIGHT TEMPERATURE**  
Jackson, Miss.—(AP)—There's nothing like a nice, warm bed to put a snake in an agreeable mood. In the opinion of Clifford S. Unkrich, of Jackson, who raises reptiles for commercial purposes, he had engineers of the Minneapolis-Hercules Radiator Co. fix up a control system to turn on the heat at 82 and turn it off at 87.

"You have no idea how the snakes respond to that treatment," Unkrich said. "Snakes, like people, have distinct individual personalities. They perk up when their environment is pleasant and grow moody when it isn't."

### POP Goes the QUEEN

By Bob Wade and Bill Miller

THE STORY: After being captured by Mr. Barselou and held prisoner in his gambling ranch, John Henry and his sister, Conover, are released by the police. The police find the girl who figures in the tangled murder mystery at Azura, Calif. Faye had come to the ranch in search of her car and as soon as the Conovers are released, she disappears, leaving the Conovers to find their own way home.

XXX

NOT far ahead of them twinkled the lights of Azura, set in an incandescent halo against early evening. The burly driver turned a knob and twin beams leaped out ahead of the speeding truck.

"Whereabouts you want to go this time?" he asked wearily.

"Any place there's a phone," John Henry said, feeling a bit embarrassed. He wished they hadn't flagged the same truck and trailer that had given him a lift earlier in the day.

"Drive-in up here has one," "That'll be swell."

The driver eased down on the brake pedal near a big neon sign that alternately flashed THE TOMAHAWK in red and then DRIVE INN in blue. John Henry jumped down from the high cab and held up an assisting hand to Sin. She gingerly came to earth.

"Thanks for the lift," John Henry called up. The driver nodded as the truck pulled away.

"Gosh, am I glad to see people again," Sin bubbled happily. "Just plain old unsmiling people!"

"I'll bet that driver thinks I'm nuts."

"Forget him, honey. We're just five minutes away from the police. Then we'll be all right. I feel like hugging Lieutenant Lay."

The phone booth was inside and at the far end of the counter. The room was almost deserted. The girl behind the counter whistled as she concocted a chocolate malt. The solitary customer was a pompous-looking man in his fifties who

### Elizabeth Nelms Pleases In Voice Recital Friday

Elizabeth Nelms, soprano, gave a senior recital at MacMurray college Friday evening, in which she exhibited a voice of unusual power and quality. In a well-chosen program, she displayed a wide range and resonant tone that was even and controlled. Contributing greatly to the ease with which she sang was a solid foundation of superior musicianship.

The high point of the program was Bach's aria, "In love my Saviour now is dying," from the "St. Matthew Passion." Here the young singer admirably sustained a mood of seriousness, achieving a beautifully moulded pianissimo tone, and executing the florid passages with fluency.

Remarkable also was her consistently true intonation, and her ability to sustain long lines. This was particularly true in the Korzold aria, "Maria's Lied," from "Die Tote Stadt." A group of Schumann and an English group rounded out the program.

Effective accompaniments were provided by Noel Rousey.

### Veteran Conductor Of "Q" Dies At Concord

Thomas A. Jones, third oldest conductor on the Beardstown division of the C. B. & Q. railroad in point of seniority, died suddenly Friday while on his passenger run at Concord.

Mr. Jones, who was 67 years old, left Beardstown on the regular passenger run to Herrin on Train No. 12. He became ill at Arenzville and grew worse as the train approached Concord, where death occurred before the arrival of a physician.

Complained of Headache  
Mr. Jones complained of a headache Friday morning, but believed he was able to make his run.

The remains were taken to the Cline Funeral Home at Beardstown, where services will be held Sunday afternoon at 2:30 o'clock. Burial will be made in the Beardstown city cemetery.

Born April 1, 1882 at Waverly, he was the son of the late Mr. and Mrs. G. W. Jones. After attending schools in Waverly he was united in marriage 45 years ago to Cora M. Armstrong.

The decedent went to Beardstown shortly before beginning his railroad career with the Burlington as a brakeman Dec. 7, 1903. He was promoted to conductor Dec. 10, 1904.

Only Joe Maskell of Beardstown and J. W. Schuman of Centralia were above Mr. Jones on the Beardstown division conductor's seniority list. Mr. Jones alternated as conductor on number 12 with Mr. Maskell, working Mondays, Wednesdays and Fridays.

Surviving besides the widow are a son George Allen of Beardstown

### Carrollton Boy Dies Saturday At Age Of 18

Carrollton—George Leslie Robinson, 18 year old Carrollton youth, died Friday at 12 midnight at the Boyd Memorial hospital in Carrollton. He had been ill with leukemia since November of last year.

He was the son of Mr. and Mrs. Chester Robinson and was born in Greene county on July 24, 1930. All of his life was spent in Carrollton. He was a graduate of the Carrollton High school.

Surviving besides his parents are one sister, Mrs. Mary Gimmy of Carrollton, and two brothers, Carter Robinson, Jr., and Keith Robinson, also of Carrollton.

The body is at the Mehl Funeral Home in Carrollton. Funeral services will be held Monday at 2 p. m. at the Carrollton Methodist church, with the Rev. Marshall D. Uhm officiating. Burial will be in City cemetery.

George Dewese, retired businessman, died Saturday at 2:30 a. m. at Passavant hospital. He was 86 years of age.

Mr. Dewese was born in Morgan county on June 5, 1862, the son of James P. and Jane Tremble Dewese. He was united in marriage with Isabelle Virgin, who passed away in 1944.

One daughter also died in 1944. For the past 31 years, Mr. Dewese had resided in Jacksonville.

His home here was at 514 North Prairie street. He attended Illinois college, where he was an active member of Sigma Pi. He was also secretary of the T.P.A.

Until January of this year, he had been in the insurance business. Prior to his entering that field, he had been engaged in farming and more recently in real estate.

Mr. Dewese was a member of Central Christian church.

Besides his wife and daughter, he was preceded in death by five brothers and sisters. One brother, Sam of Riverside, Calif., survives, together with other relatives.

The body is at the Gillham Funeral Home, where services will be held at 2:30 p. m. Monday, with the Rev. Roy S. Hulian officiating. Burial will be in Diamond Grove cemetery.

The family will receive friends at the funeral home from 7 to 9 o'clock Sunday evening.

## Former Morgan Home Adviser Is Engineer's Bride

The Methodist church in Champaign was the scene of the marriage.

MRS. NORMAN SCHOEPFEL

of Miss Eireath Freymuth, former Morgan county home adviser, and

Norman Schoepfel of Mexico, D. F., Mexico.

The wedding took place Saturday at 2 p. m. with Dr. Paul Burt of the Wesley Foundation, University of Illinois, receiving the vows in a double-ring ceremony.

For the wedding occasion, the church was decorated with a profusion of white gladioli, accented with potted palms. "O. Perfect Love," "Through the Years" and "The Lord's Prayer" were sung by Miss Florence Kimmelsue of the University of Illinois.

The matron of honor was Mrs. Ruth Bellitt of Dayton, O., sister of the bride. Calvin Schoepfel of Champaign, brother of the bridegroom, was the best man. Ushers were Dr. Harry Greeley of Aurora, brother-in-law of the bridegroom, and Robert Beane of Champaign.

The bride was attired in an afternoon dress of dusty pink crepe, with which she wore matching accessories and carried a bouquet of stephanotis, centered with a white orchid.

An afternoon dress of pale blue crepe with matching accessories was worn by the matron of honor. Her bouquet was of mixed garden flowers.

Immediately following the ceremony, a reception was held in the church parlors. Serving were Mrs. Orja Kemper of Danville, Mrs. Maria Simpson of Pekin and Miss Helen Elliott of Ottawa.

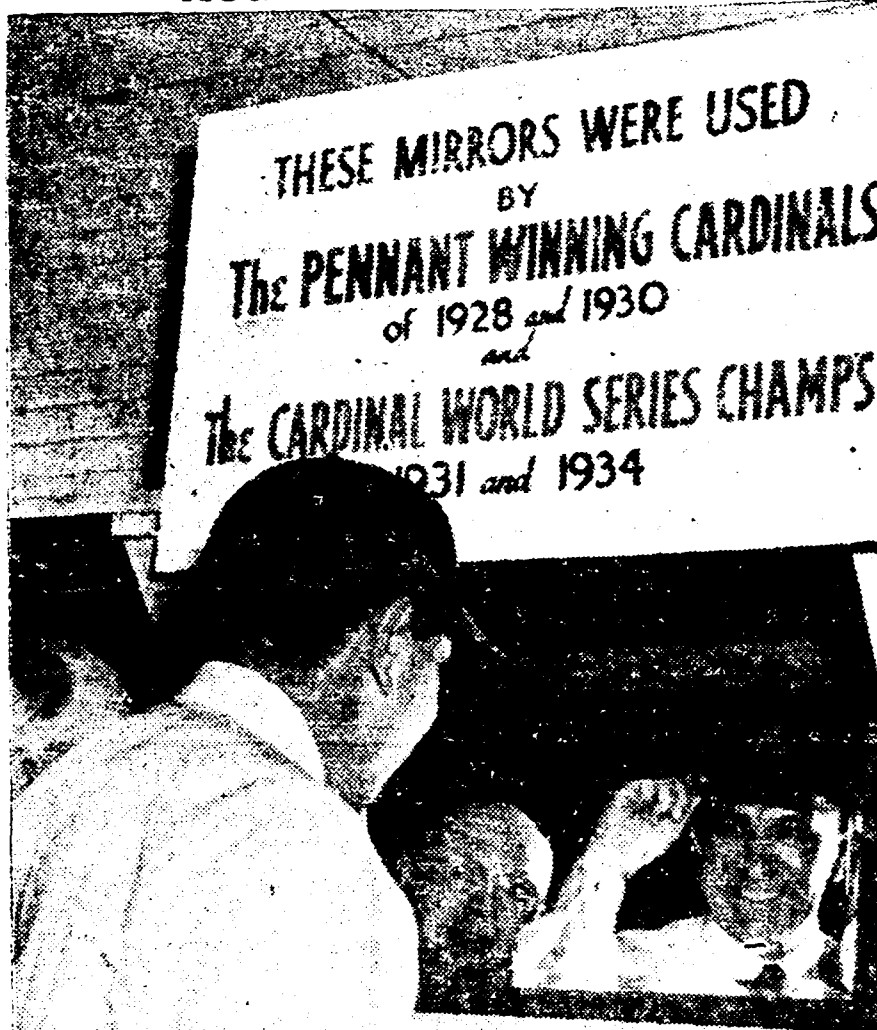

The couple then left on their wedding trip enroute to Mexico. For traveling, the bride chose a navy suit with matching accessories and an orchid corsage.

Mrs. Schoepfel is the daughter of Mr. and Mrs. Fred Freymuth of Muscatine, Ia. She is a graduate in home economics from the University of Illinois and has been home adviser in Morgan county and later LaSalle county.

The husband, the son of Mr. and Mrs. Irving Schoepfel of Ellis Grove, was graduated in ceramic engineering from the University of Illinois. He is employed as ceramic engineer with the A. P. Firebrick Co.

After March 21, the couple will be at home in Mexico, D. F., Mexico.

## Greene Co. Farm Bureau To Launch Membership Drive

Carrollton—An organization committee of the Greene County Farm Bureau met this week to complete plans for the forthcoming Farm Bureau membership drive, with a goal of contacting every man in the county who is not now a member of the organization. The drive will be in progress March 14-18.

Plans were made for kick-off banquet to be held March 14, with the speaker being Charles S. Mayfield, former I.A.A. director of road improvement, who has been transferred to the organization department as assistant director. The banquet to the workers will be served in the Farm Bureau hall by the ladies of the Home Bureau. The Home Bureau ladies will also serve the banquet on March 18, which will mark the close of the drive. At this meeting a round table discussion of the work which has been done and the work which could be done will be held and prizes will be given all who sign a member or contact four possible members. An attendance prize will also be given.

Plans are also underway for a banquet to welcome the new members and their wives into the organization. The tentative date of this banquet is April 5th.

## Church Society Gives Program At Winchester

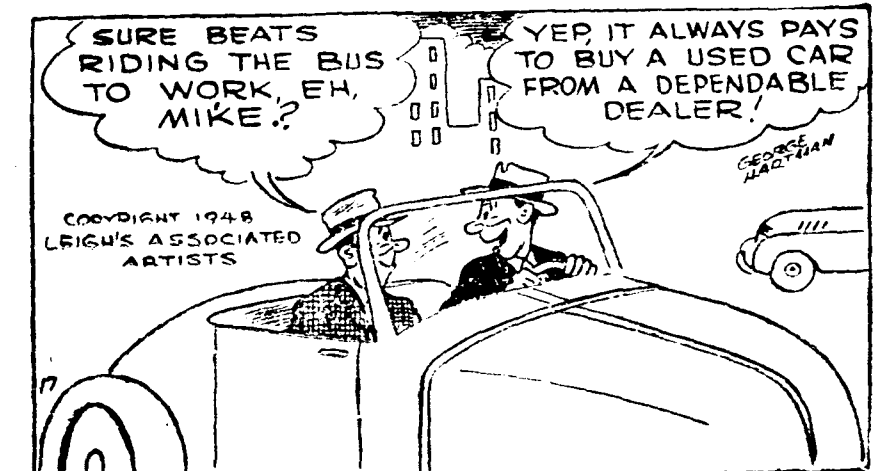

The Woman's Society of Christian Service of the Winchester Methodist church met on March 3 with Mrs. James Roark as hostess. There were 30 members and one guest present. The president, Mrs. Edw. Wild, presided. The meeting opened by singing "Faith of Our Fathers" followed by the worship service given by Mrs. Ralph Jasper, the subject being, "The Steep Ascent of Heaven." An interesting lesson on "Human Values in the Labor Question" was given by Mrs. Wm. Willsey. The meeting adjourned with a social period. Assisting the hostess were Mrs. George Wallace, Mrs. Chris Cameron, Mrs. Paul Markillie, Mrs. Clayton Stewart and Mrs. N. M. Wallace.

Has Meeting At Church

The Ladies' Aid society of Northminster Presbyterian church held a meeting at the church Thursday afternoon, with 24 members in attendance.

Mrs. Walter W. Wild had charge of the devotional period, using as her topic, "Praise Him, Praise Him, Praise Him." "At the Crossroads," was sung by Mrs. E. H. Sheppard. Mrs. Wild offered the closing prayer.

A brief business session was conducted by the president, Mrs. Carl Day. Prayer was offered by Mrs. Anna Estaque.

During the social period, bingo was played and prizes were awarded. Refreshments were served by the hostesses, with Mrs. Walter DeShara as chairman.

## Hilltop Players Earn Plaudits In Charles And Mary

On Friday night before a large and appreciative audience the Illinois College Hilltop Players gave a fine performance of Joan Temple's "Charles and Mary." The play is a difficult one for amateurs to produce. It calls for several scene changes, a large and well-drilled cast, and above all, sensitive performances by the leading characters.

The production difficulties were smoothly handled. Scenery, properties, and costumes created a period atmosphere without overwhelming the human and dramatic values of the story. The supporting characters were well realized. Richard Robertson gave a convincing portrait of a feeble, bearded, old Mr. Lamb. Joan Mor's Mrs. Lamb had the right note of demanding invalidism; and Joe Baker's John Lamb was sufficiently insufferable. The two servant girls played by Florence Majewski and Phyllis McDermitt were nicely balanced, the raucous stupidity of the one being contrasted with the silent stupidity of the other.

In the circle of friends, Robert Kunkel's stammering, explosive, absent-minded Dyer was outstanding. Josephine Tatro and Harry Latier

played the Godwins with a minimum assurance. Bill Worley, Jim Kintzel, and Red Sparlight portrayed Dudley, Coleridge, and Wordsworth completely. Joan Glynn's Quaker maid and Mary Ekins' ladylike were also well done. All these roles were written to support the title roles, and they were played with that intention in mind.

As Charles and Mary, Bill DeFrance and Alice Meffert were splendid. Miss Meffert's playing of Mary's insanity was always moving, never quite hysterical. DeFrance made the most of Charles' modesty and incoherence, his atrocious puns, his thoughtfulness and tenderness. Individually and collectively the performances were a credit to the actors, the Hilltop Players, and to perceptive direction of Miss Octavia Frees.

## Births

Mr. and Mrs. William Brown, rural route three, Winchester, are parents of a son born Saturday at 11:05 a. m. The infant weighed eight pounds, six and one half ounces. A son weighing seven pounds, 15 ounces, was born to Mr. and Mrs. Raymond Meyer, rural route one, Roadhouse, at 12:17 p. m. Saturday at Our Saviour's hospital.

**Community Club At Ashland Will Hold Youth Night**

Ashland—The next meeting of the Ashland Community club will be held in the library club room on Monday, March 7 at 8:30 p. m. This meeting has been designated as "Youth Night."

Each member should bring at least one young person of the community as his guest. There will be an interesting program especially fitted for the occasion.

It is also very urgent that each member be present as the officers for the coming year will be elected. At a meeting held in the home economics room in the local high school, Miss Betty Parkes, home economics teacher, started a course in home economics for the women in this community.

Courses in food preparation, clothing construction, home care of the sick, home decoration and improvement, child care and consumer buying will be held.

Miss Barbara Jean Crain, daughter of Mr. and Mrs. Oswald E. Crain of Woodson, became the bride of Robert W. Blimling, son of Mr. and Mrs. R. H. Blimling of Murrayville, in a pretty wedding solemnized Tuesday evening, March 1, at 7:30 o'clock at the Woodson Presbyterian parsonage.

The double ring ceremony was performed by the Rev. A. Vanderhorst.

The bride was attired in a suit of brown wool accented with white and brown accessories. Her corsage was of pink and white carnations.

Her matron of honor, Mrs. Thomas Irlam, wore a grey suit with black accessories. Her corsage was of white carnations and red roses.

Thomas W. Irlam, cousin of the groom, served as best man.

Mrs. Blimling was formerly employed in the office of the sheriff of Morgan county.

Mr. Blimling served in the Armed Forces for more than four years. He is now employed at the National Guard Airport at Peoria.

Mr. and Mrs. Blimling will make their home at 641 Rohmann street, Peoria.

CHICAGO LIVESTOCK  
MARKET REPORT

Chicago, March 5.—Hogs, cattle and sheep were quoted nominally steady today. Quotable top for hogs was \$21.75.

Hogs mostly declined this week largely because of rather severe weakness in wholesale pork. This may have been a result of the start of the lenten season, trade sources said. At the end of the week light weight hogs were about steady

while everything else was off around 50 cents.

Lack of demand in the wholesale market sent pork loins \$3.00 to \$4.00 lower, spare ribs \$2.00 to \$3.00 lower and Boston butts \$2.00 lower.

After a slow start, cattle prices ended strong for the week. Producers cut shipments sharply in the latter part of the week, leaving the week's total arrivals about 13 percent under last week. One load of choice to prime fed steers brought the week's top of \$30.00. Steers, heifers, cows and bulls gained.

An all-time March record of \$27.00 was paid for choice fed woolled lambs during the week. Receipts sank about 5,000 head at the 12 major markets. Final prices were ahead 50 cents to \$1.00, most \$1.00, of last week-end.

## New York Stock Market

New York, March 5.—(P)—The stock market stepped ahead smartly today when buying interest suddenly sharpened half way through the two-hour session.

Grains ranging from fractions to around two points. Steels, motors and rails were among the better performers although buying was pretty well distributed. Turnover was at the rate of about 400,000 shares. Wall Street quarters were unable to put their finger on any single factor to account for the pick-up in demand.

Higher prices were paid for U. S. Steel, Bethlehem, General Motors, Chrysler and Santa Fe.

The change in Russia's foreign Ministers had little appreciable effect on the course of stock prices.

Los Angeles officials estimate there were 1,500 industrial plants in that city's area in 1939 and 9,000 such plants in 1949.

The Henley Animal Clinic, formerly located at 220 South East street, has moved into its new concrete block building at 110 Fairview Terrace on Route 36, west of Jacksonville.

In this new small animal clinic and hospital Dr. Claude Henley has all new, modern equipment. One entering the Clinic steps into a spacious reception room. To the left pet supplies and foods are on display. Animals brought in are first taken to the examining room which is equipped with X-ray, a dark room for fluoroscope and picture developing.

If examination shows surgery is necessary, there is a room with a new hydraulic operating table, sterilizing cabinet and instrument cabinet.

There are 36 all metal kennels in well lighted and well ventilated wards. Two of the wards open on to concrete runs enclosed by high wire fence. Here the convalescent and boarding dogs may exercise several times a day. One room is equipped with bathing and grooming facilities. An even temperature is maintained throughout the building at all times.

The furnace is equipped with Sanitary Ray Lamps which deodorize and sterilize the air every 15 minutes.

The hospital meets the standards and specifications required by the American Animal Hospital Association, of which Dr. Henley is a member.

Jesse Wight is the kennel man. C. A. Henley D.V.M., is the veterinarian in charge.

Top-Favored Elgin  
Leads Sixty Teams  
Into Sectionals

By The Associated Press

Top favored Elgin and speedy Danville today paced 60 downstate high schools into next week's sectional tournaments that will name 15 of the 16 Illinois basketball title finalists.

Still with them on the championship trail were such powerful contenders as Mt. Vernon, Kankakee, DeKalb, Oak Park, Sterling, Collinsville, Paris, Nashville, Herrin, and Moline.

These twelve quintets, tagged in the Associated Press weekly poll as likely state crown timber, and 48 other teams kept alive their bids last night by capturing regional tournament prizes.

Elgin Wins By 2 Points  
Elgin's rangy Maroons were put to a stiff test, but emerged victorious, 47-45, over potent Dundee in the windup of the Woodstock tourney.

Dundee, whose Cardinals were the No. 9 flag choice of sports writers, led most of the way as forward Jim Schults built steadily on his evening total of 27 points.

Battling doggedly, Elgin finally took a 37-36 advantage. Although Dundee knotted the count three more times, a basket by Elgin's Bob Survant shortly before the gun spelled out the final decision.

The triumph was Elgin's 21st in 24 games. Dundee suffered its third defeat in 26.

Danville Wins Easily  
Second ranked Danville romped to a 72-42 triumph over the host club at Westville. The win was Danville's 15th in a row and 25th in 27 starts.

Mt. Vernon's No. 4 Rams and Fairfield settled down to a ball possession duel in the payoff match at Fairfield. The Rams, whose three

defeats in 27 tilts all were in low score affairs, came out on top this time, 12-7.

Aside from Elgin, Herrin's Tigers probably had the toughest going. Murphysboro, an easy victim in two previous encounters, pushed the Tigers to the limit before succumbing, 48-46, at Carbondale. Herrin now owns 23 successes compared with three setbacks.

Coach At Chapin  
High School Feted  
By Cage Team

Members of the basketball squad of the Chapin High school entertained with a party at the school honoring their coach, Paul Blakeman, on his birthday anniversary.

About 50 students were present. Bingo was played and dancing was enjoyed. The squad presented the coach with a gift and a birthday cake. Refreshments were served.

Mr. Blakeman was also guest of honor at a dinner party given at the home of Mr. and Mrs. Clyde Blakeman, 1504 South East street.

Those present included Mrs. Myrtle Barker, Paul Simmons, Mr. and Mrs. Paul Blakeman and the host and hostess.

## PLEDGE TO SOCIETIES

Two Jacksonville students of MacMurray College, Charlene Holle and Ruth Schildman, were pledged to upperclass societies at the close of the rushing season. Miss Holle became a member of Belles Lettres and Miss Schildman of Theta Sigma.

Dropo Is Talk Of  
Sarasota With  
His Hitting

Sarasota, Fla., March 5.—(P)—Natives of this circus-minded city have a new exhibit in Walter Dropo, strapping Boston Red Sox rookie, whose practice wallops are gargantuan, colossal and stupendous.

Folks fed on a winter diet of Ringling Brothers' gaudiest adjectives have no trouble finding the right word for Walter, a 6-foot-5-inch first baseman from Moosup, Conn.

"Did you see where that Dropo hit one today?"

That's a sure conversation-stopper in the wooden bleachers at Payne field. So far, he really is something.

Now Dropo may very well wind up in Louisville or Birmingham when the pitchers start hooking that ball—he's been playing ball for only two years. But whether it's this season or next, he's a sure bet to make the bigtime. Even Manager Joe McCarthy thinks so.

Dropo was here last spring. He was a sensation in the exhibitions but it was obvious that he needed more experience.

His first base work needed improvement and he had to learn how to hit certain kinds of pitching. The "Moose" from Moosup thinks he took care of that in 1948 when he played at both Louisville and Birmingham.

"I think I'll stick this time," he said, he wasn't bragging—just confident.

AIR GUN BREAKS  
POLICEMAN'S LUCK  
Chicago.—(P)—Police Sergeant Edmund Solecki had taken part in five gun battles but never had been wounded. He had no thought that his luck would run out when he was sent out to find whoever was firing an air rifle at a drug store window. He was talking with store employees when a pellet came through the window and struck him on the side of the head.

## Al Miller Announces 1949 Athletic Cards For Hilltop Sports

Al Miller, director of Athletics at Illinois College, has released schedules for all spring sports at the Hilltop school along with his 1949 football card for the coming fall.

Paramount on the Spring athletics parade of the Blueboys is a southern baseball trip planned for the 10 nine which will carry the squad to Memphis, Tenn., Mississippi College and back to Scott Field, Illinois for a series of games with teams in these three sections. The team is slated to play the Nat. Center nine at the Memphis Naval Air Station the 13th and 20th of this month, then will encounter the Mississippi College diamond crew on March 21st, and come back north to Scott Field for a bout with the Scott Field fly-boys the 23rd.

The regular baseball schedule will open April 8 when the Blueboys nine travels to St. Louis for a tilt with Concordia. The entire slate shows a total of 16 games, split out evenly with 8 at home and 8 away. Joe Brooks' lads wind up their season with three out of town games May 21, 25 and 27.

## Records Fall At Big 9 Conference Indoor Track Meet

Champaign, Ill., March 5 — (P) — Three records were smashed today in an unprecedented western conference indoor track meet which produced co-champions—Wisconsin and Ohio State—for the first time in history.

The surprising Badgers, led by double-winner Don Gehrmann, captured the last even on the program, the mile relay, in record-breaking form to tie the Ohio State with 38 points apiece.

Wisconsin's baton team of Gene Whipple, Mel Goldin, Gehrmann and Bob Mansfield, sped the mile in 3:18.6 to knock three-tenths record off the conference mark posted by Michigan in 1939 and matched by Ohio State in 1947.

The Buckeyes, defending relay champions, grabbed second place in the thrilling windup race to pocket eight vital points that provided them with a split title. Ohio State's team, consisting of Ed Reilly, Mark Whitaker, Harry Cogswell and Mal Whitfield, turned in 3:20.1.

The Buckeyes won the team crown last year with 43 points. The 38 scored this time was the lowest winning tally since Ohio State's 37 total in 1942.

**Illinois Finishes third**  
Illinois, third in the mile relay, finished third in the meet with 25 points, followed by Purdue with 21, Minnesota 21, Indiana 18, Michigan 13, Northwestern 10, and Iowa with a complete blank.

Gehrmann, a disappointment in his mile specialty which he won in his poorest time of the season — 4:16.1—apparently saved himself for the 880. In this race, the slight, 130-pounder strode to a 1:33.1 to clip eight-tenths second from the old conference mark held jointly by Charles Hornbostel of Indiana (1933) and Herb Barten of Michigan (1947).

Barten, who figured to repeat for the 880 title, floated home in last place after cutting the throttle when his bruised foot began paining. Ohio State's Don Washington was second to Gehrmann, about 25 yards behind.

Purdue's Jewell Holsted the third meet record with a 24 foot 7 inch leap in the broad jump. It was 13/4 inches better than the old mark set by Paul Miller, also of Purdue, two years ago.

## Iowa Swimmer Cracks 100-Yard Free Style Record

Lafayette, Ind., March 5 — (P) — Wally Rie of Iowa swam the 100-yard free style in 51.3 seconds in a time trial today to set a new western conference record for the event.

The old mark was 51.8, set by Halo Hirose of Ohio State in 1947. Hirose also qualified for tonight's final in the event.

Another conference record was set when Keith Carter of Purdue swam the 150-yard individual medley in one minute 34.2 seconds in a trial. This is the first year the event has been included in the conference meet.

Ohio State appeared to be well on its way to regaining the title it lost to Michigan last year. The Buckeyes led the Wolverines by ten points when tonight's five-event program opened and were assured of at least three places in the high board diving.

The qualifiers for tonight's events: High board diving: Harlan, Billingsley, Calhoun and Simpson, Ohio State; Chelich, Northwestern; Brockway, Iowa.

100-yard free style: Rie, Straub and Garst, Iowa; Thomas, Purdue; Weinberg, Michigan; Hirose, Ohio State.

150-yard individual medley: Carter, Purdue; Draves, Iowa; Moss, Michigan; White, Indiana; Rodenbach, Ohio State; Tannehill, Northwestern.

400-yard free style: Mann and Stager, Michigan; Heuser, Northwestern; Smith and Nakama, Ohio State; Kosmetos, Purdue.

300-yard medley relay: Ohio State, Iowa, Michigan, Purdue, Minnesota, Northwestern.

## Nominate 113 Horses To Run In Kentucky Derby

Louisville, Ky., March 5 — (P) — A wide-open, well-balanced Kentucky Derby took form today as Col. Matt Winn called off the names of 113 nominees for the Diamond Jubilee running May 7 at Churchill Downs.

In the absence of a potential citation to score away the second stringers, the 75th running of the mint julep classic is almost sure to come up with one of its old-fashioned big fields.

And, as usual, the derby will draw its entries from 1948's most successful juvenile speedsters, this year's three-year-olds. The nominees announced today included such freshman swiftness as Blue Peter, Ocean Drive, Mr. Busher, Capot, Olympia, Old Rockport and Alsab's Day.

Olympia's victory in the Flamingo stakes Thursday showed the F. W. Hooper colt to be a strong contender.

Colonel Winn, president of the steeped downs, is again offering \$100,000 added money to go with the traditional rose wreath and gold trophy. The payoff could be the biggest in history.

Three imported horses, Rathore, Farmore and Narviko, were named. Calumet Farm nominated three horses, Ponder, De Luxe and Whirl.

**Florida Golfer Takes Third Spot At St. Petersburg**

St. Petersburg, Fla., March 5 — (P) — Florio's champion, Pete Coover of Ponte Vedra Beach, showed his heels to the touring professionals today as he grabbed the third round lead in the St. Petersburg golf open.

Cooper flashed a strong finish to post a two-under-par 35-34-69 for the par 71 Pasadena course today and run his 54-hole total to 204.

Johnny Palmer, Badin, N. C., pro, who shared the halfway lead with Cooper, scored a one-under-par 36-34-60 and was one stroke back with 205.

Cary Middlecoff, young non-practicing dentist from Memphis who was an early favorite, shot towards the top with 34-33-67 over the 6,000-yard links. He had 208 for third place.

## Phillips Oilers Team To Beat In AAU Cage Tourney

Oklahoma City, March 5 — (P) — Phillips Oilers stood out as the team to beat as the 37-team roster of the national AAU basketball tournament was announced today.

Phillips is a sure bet to be seeded No. 1 after winning the past six tournaments.

Bud Browning, tournament manager, said he expected several more entries to come in before pairings are made.

Browning coached Phillips to five straight tournament victories before retiring at the end of last year. This season under Cab Renick, Phillips has won 46 games and lost three. It won the industrial league crown.

Browning listed these entries from various AAU associations:

Central—Caterpillar Dies, Peoria, Ill.; Kabel Kolts, Mt. Morris, Illinois.

Indiana—Allison Jets, Indianapolis; Markle Boosters, Markle, Ind.

Iowa—Miller's Laundry, Des Moines; Luther College, Decorah, Iowa.

Midwestern—Nebraska AAU state winner; Nebraska Wesleyan College, Lincoln; Morningside College, Sioux City, Iowa.

Missouri Valley—Kansas City AAU winner; Wichita AAU winner; Central College, Fayette, Mo.

**Wisconsin Gives Illini Cage Title, Dump Minnesota**

Madison, Wis., March 5 — (P) — Wisconsin handed the University of Illinois the Big Nine basketball championship tonight by beating Minnesota, 45-43.

A Minnesota victory would have given the Gophers a chance to tie for first place, provided Illinois would lose in its final game with Michigan Monday.

But Wisconsin came from behind in the second half with a tight possession game and eliminated all of the Gophers' title hopes. It was the last conference game for both teams.

## Purdue Toughies Defend Big Nine Wrestling Crown

Bloomington, Ind., March 5 — (P) — Purdue successfully defended its Western conference wrestling championship tonight, edging second place Minnesota by a single point.

Team scores: Purdue 19; Minnesota 18; Michigan 17; Ohio State 16; Illinois 15; Indiana 14; Iowa 11; Wisconsin 5; Northwestern 3.

Arnold Plaza of Purdue was named the meet's outstanding wrestler. Joe Scarpello, Iowa 175-pounder, was the only 1948 champion who repeated, but two who won last year in special Olympic weight classes won new titles.

Plaza, champion at 114½ pounds last year, beat defending titlist Garth Lappin of Minnesota in the 121-pound class. Vern Gagne of Minnesota, 191-pound king last year, won the heavyweight crown.

**St. Louis U. Downs Bradley 5 In 66 To 56 Contest**

Peoria, Ill., March 5 — (P) — St. Louis University clinched second place in the Missouri Valley basketball conference Saturday night, defeating Bradley University 66 to 56.

The defeat left Bradley in third place.

From the start, St. Louis maintained the upper hand. The Billikens sparked by Marv Schatzmann, Lou Lehman, and Bud Ed McAuley, took a 34-18 lead after a brilliant display of shooting during the first 12 minutes of play. They let down briefly, but led 36-23 at the half.

The Braves narrowed the lead in the game, but the Billikens were hard to hold down. The score at this point was 51-43.

Late in the game, St. Louis' three sparkplugs, Schatzmann, Lehman and McAuley each fouled out. Bradley's Gene Melchiorre also left on fouls.

Topping the night's scoring was Paul Unruh's 17 points. Bob Schmidt, Billiken guard, had 16.

The loss ended Bradley's season with a 25-6 record. St. Louis, with 20 victories and three defeats, has two games before it closes.

**Big 9 Standings**

Chicago, March 5 — (P) — Big Nine basketball standings, including last night's games:

## Chambersburg Tackles Pittsfield In First Game Of Sectional

By John Campbell  
The Pinckneyville Panthers will be plenty tough in 1951 as Coach Merrill "Duster" Thomas has the best bunch of big Sophomores at that Southern Illinois school. Nashville's big Hornets beat the Panthers by 10 points in the first Regional tourney game this year.

Coach Eldon Atwood's fine bunch of Chambersburg cagers deserve all the credit this year as they have won four tournaments and 30 into the Sectional tourney this week as the only team ever to play in Sectional competition from that small Pike County school. I hope Eddie Jackson and his teammates all the luck in the world during their first Sectional tourney game.

It was Roger Kanallakan, a Freshman standout for Coach E. V. Halt at Jerseyville high, that sank the winning 50 foot basket in the closing seconds of their game with Roodhouse in the title game of the Jerseyville Regional tourney, the Railroaders lost 38-37. Coach Halt takes his second team to the Sectional in six years as his fine Lawrenceville five lost to Flora's State tourney team in 1947 by a 38-36 battle. The Collinsville Kahoks won over Flora in their first game at the "Sweet 16" that year at Champaign.

Coach Glenn Smith will lead his fourth Pittsfield team to the Sectional tourney this week in the last five years and he took the Blue Devils to the State tourney in 1944. The Soukies stopped the strong Winchester five in the Regional title game and are a distinct threat in their own Sectional meet this week. The four teams likely to meet in the Pittsfield Sectional tourney are Quincy, Rushville, Chambersburg and Pittsfield.

Coach Bob Mirus at Pawnee high wants one more game for his Indians next season in basketball. The Pawnee five will defend their Jacksonville Holiday tourney title and play Hillsboro and Northwestern high of Palmyra next year.

## Decatur Girl Wins So. Atlantic Golf Tournament

Ormond Beach, Fla., March 5 — (P) — Marjorie Lindsay, 24, Decatur, Ill., won her first major golf tourney Saturday by defeating Claire Doran of Cleveland, 2 and 1, in the final round of the South Atlantic women's tournament.

Miss Lindsay and Miss Doran were co-medalists at 75 in the qualifying round.

Miss Lindsay today was out in 36, one under par, and was even par for her entire round. Par for the Ormond course is 71. She was up a birdie, regained her lead of two at the twelfth where she hit a great shot to the green and maintained that margin to the end.

The contestants who participated this week went on today to St. Augustine to play in the twenty-first annual Florida East Coast Women's tourney starting Monday.

**Curbs On Tariff Cutting Powers Plague Truman**

Washington, March 5 — (P) — The Republican-sponsored restrictions on President Truman's tariff-cutting power, which he had hoped to see repealed by now, instead closed in on him today.

The federal tariff Commission, acting on instructions from the GOP-controlled 80th Congress, sent to the White House a long list of tariffs which, it said, cannot be cut below a certain point without hurting some American industry.

If Mr. Truman now proceeds to cut such levies beyond the "peril point"—in return for similar cuts in import duties by other nations—he must answer to Congress for his action.

The president told a news conference recently that he hoped to have an extension of his old reciprocal trade authority by March 4—which was yesterday—minus the "peril points" and other restrictions tacked on by Congress last year.

Senator Millikin (R-Colo.), who helped draft those restrictions as finance committee chairman, has seen to it that Mr. Truman missed his deadline.

**OHIO STATE DUMPS DEPAUL**  
Chicago, March 5 — (P) — Ohio State, sparked by Dick Schmitt's 21 points, whipped DePaul, 63-51, tonight before 8,000 in the opener of a Chicago Stadium basketball doubleheader. It was the season finale for both teams.

**SEEK AGREEMENT WITH HUNGARIAN CATHOLICS**  
Vatican City, March 5 — (P) — An informed vatican source said today that Matyas Rakosi, communist Hungarian deputy premier, had recently sought an agreement with the council of Catholic bishops in Hungary.

The informant said the agreement did not materialize because Rakosi wanted the bishops to sign a statement, prior to any discussions, saying the "Catholic church is not persecuted in Hungary."

Chicago, March 5 — (P) — Here are the sectional tournament assignments and pairings in the Illinois high school basketball title race.

The 60 regional tournament champions named last night were pinpointed on a map in the Associated Press bureau at Chicago by state high school officials after the scores were reported. The officials today announced these pairings for sectionals set for March 9-10-11:

At Canton-Dallas City vs. Farmington; Monmouth vs. Oneida (R.O.V.A.).

At Carbondale-Anna Jonesboro vs. Herrin; Johnston City vs. Metropolis.

At Champaign-Buckley vs. Champaign; Danville vs. Pontiac.

At Decatur-Clinton vs. Decatur; Mt. Pulaski vs. Springfield.

At East St. Louis-Collinsville vs. Jerseyville; Nashville vs. New Athens.

At Effingham-Matton vs. Olney; Paris vs. Robinson.

At Elgin-Decatur vs. Elgin; Evansville vs. Oak Park.

At Hillsboro-Brownstown vs. Lincoln of East St. Louis; Hillsboro vs. Taylorville.

At Joliet-West Aurora vs. Downers Grove; Joliet vs. Kankakee.

At Moline-Kewanee vs. Moline; Morrison vs. New Boston.

At Mt. Vernon-Carmi vs. Centralia; Harrisburg vs. Mt. Vernon.

At Ottawa-Depue vs. Forrest; Henry vs. Ottawa.

At Pekin-Athens vs. Chenoa; Pekin vs. Woodruff of Peoria.

At Pittsfield-Chambersburg vs. Pittsfield; Quincy vs. Rushville.

At Rockford-Preport vs. Rochelle; West Rockford vs. Sterling.

Single semifinals will be played Wednesday and Thursday at all sectionals at McJannet, which will have a semi-final doubleheader Thursday. All sectionals will name champions Friday night.

**Glenn Davis Would Be Happy To Coach At His Alma Mater**

Fort Dix, N. J., March 5 — (P) — Glenn Davis, old "Mr. Outside" of army football fame, said today he would be "very happy indeed" to coach at West Point.

Here to play in the all-army basketball tournament starting Monday, he said he has heard nothing officially about a football coaching assignment at the academy, but "that is a possibility."

"I'm ready to wherever I'm ordered," he smiled. "Coaching at West Point—I'd like it a lot."

Col. Earl (Red) Blaik, head football coach at West Point, already has said he would like to have Davis on his staff.

Davis, who played halfback for Army until his graduation last June, arrived at Fort Dix Tuesday from Korea, where he is an infantry first lieutenant.

Davis goes into action on the hardwood Tuesday night.

In action for the Army world basketball championship beside the far east (Korea) command team, with Davis at forward—are the First, Third, Fourth, Fifth and Sixth Armies, the military district of Washington, and the Pacific command.

**5 KILLED IN PLANE CRASH**  
Hill Field, Utah, March 5 — (P) — Five persons were killed today in the crash of an air force trainer plane against a mountainside on a narrow peninsula extending southward into Great Salt Lake.

The plane, a twin-engined T-7 Beaufort, was en route from the Hill Air Force Base here to Mountain Home, Idaho.

Names of the men were withheld pending notification of next of kin.

**URGENT DOWNSTATE BOWLERS TO ENTER Springfield Meet**

Springfield — With state championships and a prize list that is expected to reach \$25,000 at stake, Illinois bowlers from Chicago to Cairo will begin an invasion of Springfield on April 22, to participate in the 52nd annual tournament of the Illinois Bowling Association. The tournament will be staged in Springfield at the Bowl, one of downstate's finest bowling centers. It will mark the first time in the Association's history that the events have been held outside the Chicago metropolitan area.

The tournament is sanctioned by the American Bowling Congress and participation will be limited to bona fide residents of Illinois who are members of the ABC. Entries for all events must be mailed prior to midnight March 18. They may be sent to the Illinois Bowling Association, room 308, at 506 South Wabash Ave., Chicago 5, Illinois.

Promoters of the tournament are hopeful that the first downstate presentation of this classic will attract a record turnout of entries. The Chicago area is expected to send 1000 teams to Springfield for the event, and it is hoped that downstate bowlers will match that number. All downstate bowlers are urged to make entries before March 18.

By Bob Morris

Jacksonville prep basketball teams have finally been eliminated from the state play-offs, and it's up to Chambersburg to carry the colors of the local regional to the state if the job's to be done this year. Bob Kraushaar's Crimson quint was the last to lose their grip on a chance to compete as a member of the "sweet sixteen," and they put up a mighty battle before succumbing to the championship Burgers in a 52 to 48 overtime tilt.

Bob's boys, who were definitely fighting against the odds from the onset, went into the regional with the poorest record of the three Jacksonville entries, and proceeded to fool the fans with some of the tightest basketball they've seen all year. They bowled over New Berlin handily in the first contest, outshot Spike Wilson's ISD favorites in the semi-final go, and then pushed Chambersburg to the limit in the championship game before going down to defeat in an overtime heart-breaker.

Gerald Busey gets this corner's vote as the most valuable player on the Crimson five. The little guard, who was playing his last season for the Jacks, probably made more trips up and down that long ISD floor with the leather than any two players of any other team. He spearheaded his team's fight for the championship right up to the closing minutes of the final tilt, and if he hadn't fouled out of the Chambersburg fray at a vital time, things might have turned out differently.

Bill Williams, freshman guard on the Kraushaar squad, led the Crimson scoring parade in the first two bouts, and turned in a fine performance last night. It was his long shot that tied the score at 46-all and threw the crowd right into an overtime. He was the only Jacksonville cager to score in the overtime period, and this he did with the same long one-hander from far out on the court which cut the net just as the horn ended play.

Eddie Jackson, high scoring center for the Burger five, was probably the most outstanding hooper in the tournament. He carried the champions through several tense moments in those three close games they had to win before gaining the right to enter the Pittsfield sectional next week. Besides topping the champs in the scoring department, Eddie does most of the floor work, and plenty of rebounding under both buckets. Whatever distinction he may gain through his athletic prowess, we'll say it couldn't happen to a nicer guy.

Chambersburg will tangle with Pittsfield, winner of their own regional, in the first game of the Pike county school's sectional Wednesday night.

## Urge Downstate Bowlers To Enter Springfield Meet

Springfield — With state championships and a prize list that is expected to reach \$25,000 at stake, Illinois bowlers from Chicago to Cairo will begin an invasion of Springfield on April 22, to participate in the 52nd annual tournament of the Illinois Bowling Association. The tournament will be staged in Springfield at the Bowl, one of downstate's finest bowling centers. It will mark the first time in the Association's history that the events have been held outside the Chicago metropolitan area.

The tournament is sanctioned by the American Bowling Congress and participation will be limited to bona fide residents of Illinois who are members of the ABC. Entries for all events must be mailed prior to midnight March 18. They may be sent to the Illinois Bowling Association, room 308, at 506 South Wabash Ave., Chicago 5, Illinois.

Promoters of the tournament are hopeful that the first downstate presentation of this classic will attract a record turnout of entries. The Chicago area is expected to send 1000 teams to Springfield for the event, and it is hoped that downstate bowlers will match that number. All downstate bowlers are urged to make entries before March 18.

**Kentucky Clinches So. East Crown**

Louisville, Ky., March 5 — (P) — Kentucky wrapped up its sixth successive Southeastern conference basketball championship here tonight with a 68-52 victory over Tulane before more than 8,000 fans in the Jefferson county armory.

Alex Groza scored a record-breaking 37 points to lead the Wildcats to their 11th S.E.C. title since 1933.

He shaded the one-game tournament mark of 31 points held by Bonnie (Country) Graham of Mississippi since 1938 and his four-game total of 94 points was 20 points better than Graham's old record total.

**12-Team Meet Gets Started Monday P.M. On David Prince Floor**

Though the College and High school basketball teams have wound up their hardwork activities for the '48-49 season, Jacksonville hasn't seen nor heard the last of this most popular indoor sport by a long shot. The local YMCA is sponsoring a 12-team Gold Medal Amateur basketball tournament which is slated to get underway Monday, March 7, at the David Prince gymnasium and continue through to Saturday, March 12.

Under the management of Paul Hartman, 'Y official, this event will be the first of its kind Jacksonville has seen for some time. It could well mean, if termed a success, the revival of independent basketball on a wholesale basis in Morgan county.

Many local citizens have shown great interest in the tournament and are supporting the program wholeheartedly.

**Churchill Downs Announces Derby Nominations**

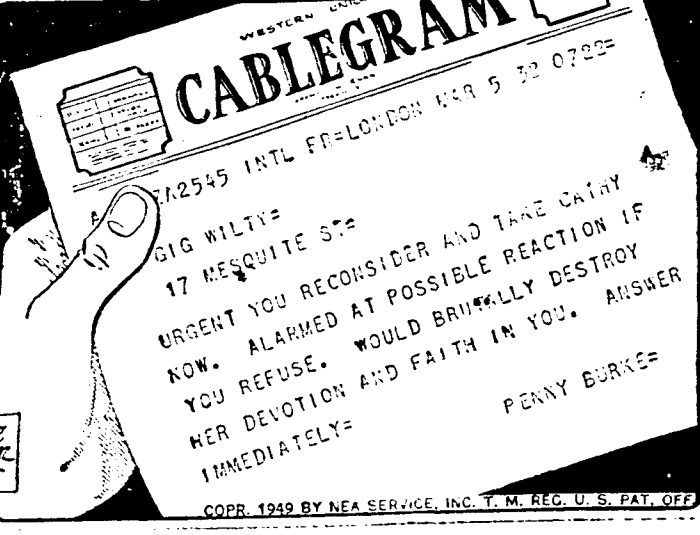

Louisville, Ky., March 5 — (P) — Churchill Downs announced today 113 nominations for the Kentucky Derby's diamond jubilee running May 7.

The list includes most of last year's leading two-year-olds and is headed by J. M. Roebeling's Blue Peter, the 1948 juvenile champion. There are four more potential derby winners than last year, when 109 nominations were filed.

The derby, America's oldest continuous turf event, is open to three-year-old colts, fillies and geldings. It is run at one mile and a quarter.

## Home Bureau Club Elects Committee To Plan 4-H Camp

A three-member committee to represent the Morgan-Scott Home Bureau in the planning of a 4-H camp to be held here next summer was elected Saturday by the bureau's executive board at its regular meeting.

Those elected were Mrs. Howard Anderson, Mrs. Everett Long and Mrs. V. E. Weghoff. They will meet with the Farm Bureau Committee.

The board also voted to accept an invitation extended by the Cass county executive board to meet April 21 in Virginia. All surrounding county boards will attend the session and discuss their problems.

A foods schools will be conducted here March 21 in the kitchen of the Home Bureau hall. Plans were made for a Springfield tour April 19 to visit the state legislature. The members will attend the children's festival at Holland, Mich., May 19-21.

Announcement was made of the evening unit recently established at Bluffs. Mrs. Oakland Thomas of Bluffs was present at the meeting.

Mrs. Harold P. Joy, county chairman, presided.

Home bureau projects were discussed at the advisory board meeting that followed. Unit chairmen were urged to emphasize the need for writing the Home Economic Building committee and the State Building, asking them to support the bill for a new home economics building at the University of Illinois.

## 130 Attend Bluffs P.T.A. Meeting, Dinner Thursday

Bluffs—The March meeting of the Bluffs Parent-Teacher Association was held in the High School Gymnasium Thursday evening. A delicious supper, prepared by members of the organization and served by students under the direction of Miss Helen Ruckman, Home Economics teacher, was served to 130 people.

A color scheme of green and white was used throughout the dining room. Mrs. Paul Smith, president, introduced the guests and O. C. Thomas, toastmaster. M. F. Fulmer spoke briefly on school legislation.

Miss Janice Smith sang "In the Garden of Tomorrow," accompanied by Miss Dorothy Morris.

## AAUW Elects Officers; Will Endorse Con-Con

Mrs. Ernest Savage was elected president, Miss Rose Mollenbrock, secretary and Mrs. Roy Nichols, member-at-large of the executive board at the annual meeting Saturday of AAUW at Decatur, Smith House.

The Jacksonville branch went on record at this meeting as supporting House Joint Resolution nine, which calls for a constitutional convention.

**Max Agger Presides**

Mrs. John Agger, retiring president, presided at the meeting. Miss Margaret K. Moore presented the report of the nominating committee.

The session was followed by a tea, served by Mrs. Helen Mohler, Mrs. Elisabeth Meyer, Mrs. Earl Biggs, and Mrs. Scott Longenbaugh.

Miss Elizabeth Hastings, program chairman, introduced the following speakers, each of whom spoke briefly outlining important features of the past year's study, and of possible work for next year: Mrs. C. G. Kirchhoefer, fellowship; Miss Emma Mae Leonard, education; Mrs. J. M. McDermott, social studies; Mrs. Ruth Beggs, constitutional convention revision; Mrs. Orville Foreman, legislation summary; Mrs. Lawrence Paset, international relations.

**Advocate, 'Con-Con'**

Mrs. Beggs, in reporting on the constitutional convention, pointed out the issue as relating directly to Jacksonville citizens. Recent tax referenda held locally have been necessary because of the outmoded tax millage of the constitution. A municipality, such as Jacksonville, cannot plan for civic improvements in the future, such as a civic center, under the present rulings of the constitution and Jacksonville citizens are inadequately represented numerically in the legislature.

Mrs. Foreman further stressed the importance of the constitutional convention upon the group, adding that mistrust of a convention means

**WESLEY CHAPEL WSCS MEETS AT SCOTT HOME**

The regular March meeting of the Wesley Chapel W.S.C.S. was held Thursday afternoon at the home of Mrs. Inez Scott, assisted by Mrs. Mabel Lewis and Mrs. Sarah Scott. Mrs. Edith Richardson, president, presided.

Melba Bridgman, Dorothy Lee Mawson and Mrs. Lillian Schumaker were elected to serve on the nominating committee.

Mrs. Bridgman led the program subject, "Human Values in Labor Questions." Devotions were led by Mrs. Ethel Meggison. The group voted to send an egg donation to the Chaddock boys school.

Wilma Richardson closed the meeting with prayer. Refreshments followed. Mrs. Elizabeth Lazenby will be the April hostess.

## Post Office Dept. Suspends Mailing Service To Berlin

Washington, March 5—(P)—The post office department tonight suspended U. S. parcel post service into Berlin.

Postmasters were ordered to refuse all Berlin-bound packages and to return to their senders those already on hand.

The embargo applies to the American, British, French and Soviet sectors of the Soviet-blockaded German capital.

A department official said the action was taken because of transportation difficulties.

The action followed conferences between postal, army and state department officials, John Gillen, top assistant in the international mail division, told a reporter.

Since the Russian land blockade interrupted train service in and out of Berlin, U. S. parcel post packages have been shipped by boat to Gdynia, Poland, and forwarded by Polish authorities into Berlin.

## Prominent Havana Men Die In Wisconsin Fire

Edward Long and Clarence "Kelly" Jackson, prominent Havana business men, were burned to death early Saturday morning in a fire that completely destroyed their private lodge on a lake 15 miles south of Hayward, Wis.

The blaze was discovered by the caretaker, C. Andre Blondelle, who was awakened about 2 a.m. by the sound of roaring flames at the nearby lodge. Blondelle said he ran from his cabin but was unable to enter the building.

The bodies were identified by Mr. Long's son, Edo, who flew to Hayward at 10 o'clock Wednesday morning. He was accompanied by his lawyer, Richard Belde.

Mr. Long, in his 60's, and Mr. Jackson, about 33 years old, were associated in the Lakewood club, two miles north of Bath. The club, formerly belonged to screen actress Peggy Joyce, was owned by Mr. Long and managed by Mr. Jackson.

Mr. Long, also co-owner of the Becker and Long restaurant at Havana, was at one time part owner of the Virginia Country club. He is survived by his wife, Edith, his son, and a daughter of Champaign.

Mr. Jackson, formerly of Waverly, is survived by his wife, Grace, of Havana.

The remains will be brought from Hayward in an ambulance from Hurley Funeral Home of Havana. They will arrive sometime Sunday.

## Soviets Say They Won't Recognize New German State

Berlin, March 5—(P)—The Soviet Union served notice tonight it will not recognize nor accept the western German state now being formed under the guidance of the United States, France and Britain.

The notice came in a letter from Marshal Vassily D. Sokolovsky, Russian commander in Germany, to Gen. Lucius D. Clay, U. S. military governor. The letter bitterly attacked the United States' restitution policies in Germany and gave no indication there will be any softening of Russia's cold war against the west.

After listing scores of Soviet claims against properties in western Germany, Sokolovsky gave the warning about the proposed western German state.

The Soviet commander gave no indication as to how Russia proposes to deal with the western German state, since there appears no logical way in which the U.S.S.R. could block its formation.

Turning down an American proposal which he said provided for the transfer of restitution functions to occupation zones, Sokolovsky said: "The Soviet authorities cannot accept such a proposal, since it constitutes an attempt to force them to approve the transformation of occupation zones into separate state units and the establishment of a western German state."
